# TALES FROM A ROGUE RANGER

## ROSANNE S. MCHENRY

Set against the stunning backdrop of California's American River Canyon, this is an engaging and wildly unusual read about the untamed life of a woman ranger. From a miner riding a mule to a young man lost in the system, these tales show the kaleidoscope of characters a park ranger encounters, giving the reader a fascinating look into a true ranger experience.

"On the American River watershed outside Sacramento where the Gold Rush never really ended, Rosanne McHenry came to work with a contingent of crusty, hardened park rangers. With gentle wit, here are her vignettes." **Jordan Fisher Smith, Author of Nature Noir, and Engineering Eden**

"Looking for an escape from the world's problems? This hilarious book chronicling the escapades of park rangers in California will make you laugh out loud ... and think twice before visiting your favorite park in case you run into the drunks, criminals and reprobates that Rosanne McHenry had to deal with to make parks safe for everyone else." **David R. Boyd, Author of The Rights of Nature: A Legal Revolution That Could Save the World**

"From drug busts and drunken brawls to teen romance on display, from an attack goose to a pot-bellied pig on the loose, Rosanne S. McHenry regales her readers with madcap adventures as a California State Park Ranger working in California's American River Canyon." **Barbara J. Moritsch, Ecologist and Author of Wolf Time, and The Soul of Yosemite: Finding, Defending, and Saving the Valley's Sacred Wild Nature**

"Rosanne tells it like it is, with humor and wonderful details of the pains and joys of working as a California State Park Ranger. Fantastic park stories of people and Mother Nature are featured inside this fascinating peek at the world of a park ranger. Funny, intriguing, and a really good read!" Mike Lynch, retired California State Park Ranger and Historian. **Author of Rangers of California State Parks: Over 125 Years of Protection and Service**
